- 3 HARDFACING WELD** : Adds strength and durability to guard
- 4 CUSTOM FIT** : Custom drilled to maximize blade protection for your plow

IRONHAWK
INDUSTRIAL DISTRIBUTION

BENEFITS OF IRONHAWK BLADE PROTECTORS:

REDUCED MAINTENANCE COSTS:

- Blade Protectors are designed to protect plow blades and extend plow blade life.
- Curve guards protect blade ends, while straight guards can be installed anywhere on the plow blade.

REDUCED BLADE CHANGES:

- Blade Protectors are designed to increase plow blade life.
- The longer your blades last, the more money you save on materials and labor.

BLADE ADAPTABLE:

- Blade Protectors can be used with steel, carbide, and rubber plow blades.
- Can be installed on Front & Wing style plows.

AVAILABLE IN 6" & 8" TALL VERSIONS
