Sioux City Foundry Co.

COOPER B-Line

SAFETY GRATINGS

Ideal for Commercial and Industrial Applications

Sioux City Foundry is proud to offer our customers a full line of Cooper B-Line Safety Grating products. We target all your safety needs with more types, sizes and finishes of grating products. Safety grating products are designed with slip resistance in all directions. Safety grating products can be used for walking and working surfaces where mud, ice, snow, grease, oil or detergents cause slippery or hazardous conditions.

USED IN A WIDE VARIETY OF PROJECTS, INCLUDING:

- Platforms
- Industrial Flooring
- Catwalks
- Balconies
- Walkways
- Stair Treads
- Under Bridge Inspection
- Refineries
- Pedestrian Walkways
- Scaffold Planking
- Mezzanines
